Note from the Principal

Hello Lincoln Family!

The year is flying by so quickly! February brings Diamonds in the Rough and Gentlemen of Distinction for our 5th-grade students, Black History Month, and Valentine's Day. We will also be having our 3rd nine weeks Parent Teacher Conferences for families to come and see how students are progressing. Please contact your child's teacher to schedule your time. Lincoln's 5th graders have been working on summarizing and patterns on coordinate planes. 6th graders have been learning about main idea, inferencing, and areas of trapezoids and triangles. Check with your students to find out what else they have been learning at Lincoln.
